

Frail and Bedazzled (Soundworks Demo)

Smashing Pumpkins

So, now listen here
I wanna be, oh so clear
I lost my soul, lost I'll stay
Between your hands, and my beliefs And here I am, frail
Frail and bedazzled from all the glare Tug at my sleeve
My little girl, supermaid
She don't know that I have
Stole my smile from a cheshire cat And all I wanted
Was to be a man
And since I gave up I feel free
I feel free, I feel free, I feel free Two of us that's dangerous
It's all inside our heads
Givin' in for nothin' less
Leavin' me for him Try
To understand
The ones I love
And their demands It's so unfair
When they can't see
That I'm the boy
Who really needs Their love
I suppose Frail and bedazzled from all the
Frail and bedazzled from all the
Frail and bedazzled from all the glare
