

# In Love With Your Wallet

Eden Brent

I see you with that young thing  
All over town  
Hard to believe for that  
You put your old lady down  
Hey Daddy, oh Daddy can t you see?  
She s in love with your wallet  
Not your personality I know that you re grown  
I know that she is too  
But she is half your age  
She s just a baby to you  
Oh Daddy, oh Daddy can t you see?  
She s in love with your wallet  
Not your personality She wants a sugar daddy  
Just to pay her bills  
She s barely middle aged  
And you are over the hill  
She ll take you for money  
Push comes to shove  
Money can buy a lot  
But it won t buy you love  
Oh Daddy can t you see?  
She s in love with your wallet  
Not your personality You bought her fancy dresses  
Gold and diamonds too  
You even bought her a house  
She gave it back to you  
Oh Daddy, Daddy can t you see?  
She s in love with your wallet  
Not your personality Look at all the money  
That she s done spent  
She s wasting all you saved  
For your retirement  
She ll take you for your money  
Push comes to shove  
Money can buy a lot  
But it won t buy you love  
Oh Daddy can t you see?  
She s in love with your wallet  
Not your personality It s your money to burn

You can do what you choose  
You've done a lot for her  
But what's she done for you?  
She'll take you for your money  
Push comes to shove  
Money can buy a lot  
But it won't buy you love  
Oh Daddy can't you see?  
She's in love with your wallet  
Not your personality
