No One Loves You Like I Do

John Ralston

We take a walk and open up her heart
Dont want a ride, we watch the cabs go by
And take our time, we should take our time
Its just that I think you should stay in Brooklyn tonight
Let's pretend the last train has left on timeIf you lose the spark and you're out in the dark
Remember no one loves you like I do
I wrote you a song and sent it along
The words are, "No one loves you like I do"It's getting late
The day and night divide
It's getting cold
She wraps her hands in mineAnd take our time
We can take our time
It's just that I think you should stay in Brooklyn tonight
Let's pretend the last train has left on timeIf you lose the spark and youre out in the dark
Remember no one loves you like I do
I wrote you a song and sent it along
The words are, "No one loves you like I do"Don't say Im not who you wanted
Don't say Im not the one you love
You forgot yourself, girl
Still, I'm lost in love with youIf you lose the spark and youre out in the dark
Remember no one loves you like I do
I wrote you a song and sent it along
The words are, "No one loves you like I do"
