## **Growing Up**

## The Maine

Photograph Remembering the summer It takes me back To Southern California Where the girls would all pass On the boardwalk and laugh At our desperate attempts And our sunburned backs We never had a chance I remember that And no matter what we do We'll never lose what we had Growing up Won't bring us down Yeah, growing up It won't bring us down Growing up Won't bring us down Growing up Won't bring us down Graduate What's a kid to do now? Get away, yeah-ah We've got so much to prove 'Cause it's time to move on And I start to let go But then, 'Wonderwall' Comes on the radio I flashback to the night In your parent's yard When we drank too much And we talked about God Growing up Won't bring us down Growing up It won't bring us down We're in this together Yeah, we'll make it somehow Nothing's gonna stop us now

Growing up won't bring us down Growing up won't bring us down Growing up won't bring us down Oh, oh, oh Photograph Oh, give me something to remember Growing up Won't bring us down Growing up It won't bring us down We're in this together Yeah, we'll make it somehow Nothing's gonna stop us now Growing up Won't bring us down Growing up Won't bring us down (Won't bring us down) Growing up Won't bring us down (Won't bring us down) Growing up won't bring us down
