

# Pallin' With Al

## Squirrel Nut Zippers

All the birds up in the trees  
Have got a different song to sing  
And as birds learned now they've learned that swing  
They've been Pallin' with Al Down below at the candy shop  
They're still workin' at that same old chore  
But the stuff here's sweeter than it was before  
You know why, pallin' with Al Who's that man who's got that sentimental swing  
Plays that mess just like it doesn't mean a thing  
Gather round you all  
And watch him pluck those strings When he gets that right hand pumpin'  
All those kiddies got to start buck jumpin' Listen now and don't forget  
If you go for that solid jive  
You can always keep the dream alive  
Pallin', pallin' pallin' with Al Alright, don't tell I'm your lover  
What?
