What I'm After

Ratt

If you had the feelin'
That I'd be back again
And I've been out there dealin'
I thought it'd never endAnd you know what you're missin'
And I know what you want
Just take a look and listen
And don't keep me hangin' onYou know what I'm sayin'
There's no point in playin'
I'm after youCan you hear me callin'?
Baby, quit your stallin'
It's youYou're what I'm after
I'm gonna get to you, anyway
You're what I'm after
And nothin's gonna turn me awayIt's been a long time comin'
And now I can't pretend
Now you can stop your runnin'
From your long lost friendAnd you know what I'm missin'
And you know what I want
And just take a look and listen
Don't keep me hangin' onYou know what I'm sayin'
There's no point in playin'
I'm really missin' youCan you hear me callin'?
Baby, quit your stallin'
It's youYou're what I'm after
I'm gonna get to you, anyway
You're what I'm after, you
Every time I see your faceYou're what I'm after
And nothin's gonna turn me away
You're what I'm after, you
And now I'm after youYears go by, how time flies
And now I've got to reach you
Feels like it's never been before
BeforeYou're what I'm after
I ain't playin' no fun and games
You're what I'm after, you
And nothin's gonna turn me awayYou're what I'm after
Every time I see your face
You're what I'm after, you
And now I'm after youYou're what I'm after

And now I'm after you
You're what I'm after
Hey girl and now I'm after you
