

# Peregrine

[Donovan](#)

Peregrine falcon hooded and flying  
Whither you go blindly over the mountain Oh, your boat upon the sea are very beautiful to view  
By me, by me, by me, by me, I hope by you  
Oh, your boat upon the sea are very beautiful to view  
By me, by me, by me, by me, I hope by you Once I tried to be your friend  
But I was undergoing change  
The same as you, the same as me  
The same as you, the same as me, the same as you And from what I've heard you say  
You feel quite certain of the way  
The world will go, the world will go  
The world will go, the world will go, and so am I
