

Solution

Jonah33

Last time I saw myself
I barely caught a glimpse
'Cause I was running in the wrong direction
And I recall as time went by
It didn't matter how hard I tried
I never ran with inspiration, no
But this problem's not my own
I want to be part of the solution
Can you use me to lead a revolution?
As it stands from what I see
Everyone is drowning in their need
And nobody's got an answer
They need to see this tragedy
For what it is and what it will be

That it braces our humanity
But this problem's not my own
I want to be part of the solution
Can you use me to lead a revolution?
I want to be part of the solution
Can you use me?
I want to be part of the solution
Can you use me?
I want to be part of the solution
Can you use me?
Can you use me?
Can you use me?
Part of the solution
