Right In the Socket

Shalamar

I was lost, I thought the losing dice were tossed
I didn't know where to go, I didn't have no one to turn to
I'm glad I found you just in time
Won't miss those things I left behind
'Cause we were going in the right direction
'Cause we were going in the right direction
Now I've found the road I need to travel down
I don't know what tomorrow brings
Day by day with you I'll do the same thing
I'm so glad I'm standing on my own two feet
No more running into that dead end street
'Cause now I'm going in the right direction
'Cause now I'm going in the right direction
I thought my life was over, I thought I was lost
I just knew that there was an end to the road
But I know where I'm going right now
I know I'm going in a right direction
You better get right or you're gonna get left
You better get right or you're gonna get left
You better get right or you're gonna get left
You better get right or you're gonna get left
