

Trilobite

Joyless

If you can't get it
I can't get it
Fly soul is single
Wind beneath us
I can't take it
If you can't take it
Fly soul is single
Wind beneath us
If you can't get it
I can't get it
Fly soul is single
Wind beneath us

I can't take it
If you can't take it
Fly soul is single
Wind beneath us
Shades of sixteen
You're with me
Shades of sixteen
You're with me
Shades of sixteen
Remember
Shades of sixteen
Remember
