Peaches

Triple bypass at the double A

Triple X, here it comes

Make sure you can hear me before you speak up

And then mothafuckas step upI like the innocent type, deer in the headlight

Rockin' me all night, flexin' his might

Doin' it right, keepin' me tight

Takin' a bite out of the peach tonight like the innocent type, deer in the headlight

Rockin' me all night, flexin' his might

Doin' it right, keepin' me tight

Takin' a bite out of the peach tonightConsider my suspision, let's see if my intuition

Has any velition 'cuz I'm on a mission

For the omission, the competition

And the definition of my position

It's bitchin', it's bitchin', it's bitchin', it's bitchin'Consider my suspision, let's see if my intuition

Has any velition 'cuz I'm on a mission

For the omission, the competition

And the definition of my position

It's bitchin', it's bitchin', it's bitchin', it's bitchin'Only double A, thinkin' triple X
