

I Love My Range Rover

Nicki Minaj

She's so pretty
She know they want her but
She's so sididdy
They can't afford her but
All the boys there when she comes around my way
Straight out the driveway head to the highway
Red light, green light, got the best moves
Headlights beam bright got the best boobs
I call her double R my rough rider
We hit a couple malls then I remind her
Cuz on the road of life she is the spokesmodel
Her body tighter than a coke bottle
She super charge cars anything for Minaj
And she could only park in the superstar garage
'Cause she-she-she-she bad if anybody ask
Her bags is boss cuz her leather so soft
If it ain't of been softer tell 'em raise the offer
Used to fuck with a yellow bitch named Porsche
N-n-now it's me and her she say it's you Minaj
Red underneath her shoe, that's Louie VuittonLa x28
