

No Limit

Inna

sometimes in life
you gotta do what you gotta do
when you gotta stand by
'cause all around the world
don't forget, sky is the limit
i got moves, i got love
i got everything you want
i can dream, i can fly
girl you need for a ride
my love round, my love buzz
don't you stare at my shoes
if you think i'm just cool
girl you need for a ride
fricko fricko you're freackin' it x3
but i like it
fricko fricko you're freackin' it x3
but i like it
o o o x3
but i like it
o o o x3
but i like it
o o o x6

caught to me in a thing
'cause my love is a game
i will treat you the same
and everthing's all right
i just want you to know
'cause i wanna go slow
if you want it let go
and everything's all right
o o o x6
fricko fricko you're freackin' it x3
but i like it
fricko fricko you're freackin' it x3
but i like it
but i like it...
fricko fricko you're freackin' it x3
but i like it

fricko fricko you're freackin' it x3

but i like it

o o o x3

but i like it

o o o x3

but i like
