

# Metal Soul

## Gabriel Bruce

First I was hiding from  
the gaping eyes, the screaming eyes the birds with screaming eyes  
thousands of things, with panicking wings  
thats what i see  
or was it your hair flapping in the wind  
fearless is as fearless does  
and i'm always like those who cannot see  
im an ostrich  
with his head in the ground  
forcing it down  
he can hardly breathe  
but lord knows what he sees  
(...)should have known better than to act so strange  
good looking but i aged some  
heart breaker with your name on  
now we're back to where we came from  
just out on the town  
putting them down  
till we'd lay lame and lost  
cross the bed like it's a cross show me where he touched you babe  
and tell me what it means  
you're the coming of it all  
get in touch with your metal soul show me where he touched you babe  
and tell me how it feels  
'cause it ain't no fun at all  
making love to your metal soul  
but that's what you do to me  
you push me to my knees(...)and i'm all like  
if i don't know you  
and you don't know me  
there's still so much to see  
tell me what's it gonna be show me where he touched you babe  
and tell me what it means  
you're the border of it all  
wrap me up in your metal soul show me where he touched you babe  
and tell me how it feels  
'cause it ain't no fun at all  
making love to your metal soul cause it's all that feels good to me  
when you push me to my knees(...)
