To All D.j.'s

Warren G

Hey, this is radio station, Shake That Ass
And I wanna see that ass shakin'
Toppin' the charts today we got a world premiere
From DJ Warren G, hey DJ
I never crash and wreck
Yeah, best I smash on that
With my apparatus in these sacks
We bring the cash in these checks
Gz, it's easy can you feel me?
I thought you needs for she Z
They never kill me, but at will see
I grip the illy with the really
And MCs could never twist me unless I was in their Phillys
Come on really, I turn silly on billys
To big willys like Tommy Willis
Now they understand the last man standin' like Bruce Willis
Hey DJ, let's play that song
Keep me dancin', dancin' all night, all night
Hey DJ, let's play that song
Keep me dancin', dancin' all night, all night
Don't let it end till you let it begin
We want your hands in the air 'cuz we back again
With Hershey LO double C doe, funk by the kilo
And we know, how to keep it on the G-Low
Incognito, from the beach to Puerto Rico
I rolls the dice and my nigga plays C-Lo
Warren G doe, search Polito like chico
And nowadays with the ways like Carlito
Funk the Kito, my weapons too lethal
I'm checkin' on the mic, there's no equal to the sequel
Okay party people to the people, the people
The people people, the people and the playaz
Hey DJ, let's play that song
Keep me dancin', dancin' all night, all night
Hey DJ, let's play that song
Keep me dancin', dancin' all night, all night
From night to day, day to night it stay on
We holla, hey DJ, now won't you play that song?
Like Teddy, oh nah, he ain't dead

We gots tah gots tah wake everybody sleepin' in bed
'Cuz if you sleep, you slippin', if you creep you creppin'
As we sweep you'll get swept if you ask what's next
You know how my coke in my hindu, you at the venue
To be continued, you know we first up on this menu
Hey DJ, let's play that song
Keep me dancin', dancin' all night, all night
Hey DJ, let's play that song
Keep me dancin', dancin' all night, all night
Now as my pen, begin to let loose again
The bullets like duck, duck, goose, stuck
In the middle of the frame, buck
With a little bit a game, stuck
And it's a muthafuckin' shame
But I'm still here to maintain and run thangs
As the day gets clearer
I'm lookin' in my rear view mirror
And I hear a, nigga that I used be down with
A nigga that I used to clown with
And get around with
Fuck the pound shit
They don't make niggaz like they used to
I remember Marley in the Juice Crew
Thats why I stay down with LBC days
It ain't easy, okay party people, to the people, the people
The people people, the people and the playaz
Hey DJ, let's play that song
Keep me dancin', dancin' all night, all night
Hey DJ, let's play that song
Keep me dancin', dancin' all night, all night
Hey DJ, let's play that song
Keep me dancin', dancin' all night, all night
Hey DJ, let's play that song
Keep me dancin', dancin' all night, all night
Hey DJ, let's play that song
Keep me dancin', dancin' all night, all night
Hey DJ, let's play that song
Keep me dancin', dancin' all night
