

# I'm Gone

Brantley Gilbert

Well there's no suitcase by your front door  
There's no saying goodbye  
Ain't no motor out there running, idling in the drive  
You don't have to keep on looking  
For some proof your losing me  
You don't have to keep on waiting  
Afraid I'm gonna leave

I'm not going. I'm not going anywhere  
We both know it  
Girl, I'm already there  
It's been over, I don't know why  
You're holding on when I'm not going,  
I'm not going, I'm not going. I'm gone  
What you're hearing is an echo  
What you're seeing is a ghost  
I'm just dust that hasn't settled  
Back down on the road  
I went there long ago

I'm not going. I'm not going anywhere  
We both know it. Girl, I'm already there  
It's been over, I don't know why  
You're holding on when I'm not going  
I'm not going, I'm not going  
Yeah all those times you didn't listen  
I'm those words you can't take back.  
I'm gone  
Well, I'm gone

I'm not going, I'm not going anywhere  
We both know it. Girl, I'm already there  
It's been over, I don't know why  
You're holding on when  
I'm not going, I'm not going  
I'm not going. I'm gone. I'm gone  
Yeah, I'm not going  
Girl, I'm gone
