Black Jettas

Ima Robot

Yeah
Tim, me and Olli have problems
Justin has noneEx-girlfriend's in black jettas
Everywhere I go, there it is
When I take a stroll, there she is
When I'm out the door, what I'm looking for
Same looking car that I saw 12 seconds agoThey're so popular
You can't get away
Girls drive 'em in Encino
And they drive 'em in LASome are different, some are older
And their body style is changed
But my heart will still jump
Because to me, they look the sameEx-girlfriend's, black jettas
Ex-girlfriend's, black jettas
Ex-girlfriend's, black jettas
Ex-girlfriend's, black jettasI get so scared
She's so filled with hate
Can't pay attention to my new girl
(Pssh, whatever)
Is that her license plate?
(Oh my God, I'm trying to kiss you)They're so popular
You can't get away
Girls drive 'em in Encino
And they drive 'em in LASome are different, some are older
And their body style is changed
But my heart will still jump
Because to me, they look the sameEx-girlfriend's, black jettas
Ex-girlfriend's, black jettas
Ex-girlfriend's, black jettas
Ex-girlfriend's, black jettasIs that her license plate?
(Oh, oh shit)
Is that her? Check the rims
(They're coming after me)(Screech)
About to crash, I can't relax
(Turn left, turn left, turn left)
(What the fuck is that?)
Is that her? I can't tell
(Let's go man, check it out)(Who's that girl?)
They all look the same, black jettas

(Who the fuck is that?)
They all play the game in black jettasWindows tinted, right side dented
(Oh shit, heh-heh)
Last night one tried to kill me, I'm sure
I think it was herBlack jettas on the attack
She was wearing a big straw hat
Or was it a different haircut?
Or did she get fat?
(Oh no)I cannot tell, they look the same
Black jettas are driving me insaneEx-girlfriend's, black jettas
Ex-girlfriend's, black jettas
Ex-girlfriend's, black jettas
Ex-girlfriend's, black jettas
