

# Black Jettas

## Ima Robot

Yeah  
Tim, me and Olli have problems  
Justin has noneEx-girlfriend's in black jettas  
Everywhere I go, there it is  
When I take a stroll, there she is  
When I'm out the door, what I'm looking for  
Same looking car that I saw 12 seconds agoThey're so popular  
You can't get away  
Girls drive 'em in Encino  
And they drive 'em in LASome are different, some are older  
And their body style is changed  
But my heart will still jump  
Because to me, they look the sameEx-girlfriend's, black jettas  
Ex-girlfriend's, black jettas  
Ex-girlfriend's, black jettas  
Ex-girlfriend's, black jettasI get so scared  
She's so filled with hate  
Can't pay attention to my new girl  
(Pssh, whatever)  
Is that her license plate?  
(Oh my God, I'm trying to kiss you)They're so popular  
You can't get away  
Girls drive 'em in Encino  
And they drive 'em in LASome are different, some are older  
And their body style is changed  
But my heart will still jump  
Because to me, they look the sameEx-girlfriend's, black jettas  
Ex-girlfriend's, black jettas  
Ex-girlfriend's, black jettas  
Ex-girlfriend's, black jettasIs that her license plate?  
(Oh, oh shit)  
Is that her? Check the rims  
(They're coming after me)(Screech)  
About to crash, I can't relax  
(Turn left, turn left, turn left)  
(What the fuck is that?)  
Is that her? I can't tell  
(Let's go man, check it out)(Who's that girl?)  
They all look the same, black jettas

(Who the fuck is that?)  
They all play the game in black jettas Windows tinted, right side dented  
(Oh shit, heh-heh)  
Last night one tried to kill me, I'm sure  
I think it was her Black jettas on the attack  
She was wearing a big straw hat  
Or was it a different haircut?  
Or did she get fat?  
(Oh no) I cannot tell, they look the same  
Black jettas are driving me insane Ex-girlfriend's, black jettas  
Ex-girlfriend's, black jettas  
Ex-girlfriend's, black jettas  
Ex-girlfriend's, black jettas
