

Keep On Jumpin'

Musique

Keep on jumpin', let your body fly
Everybody jumpin' 'til you see the sun in the sky
Keep on jumpin', let your body fly
Everybody jumpin' 'til the mornin' light

Catch the rhythm and the beat
It's movin' your body when you start to feel the beat
You're into the party, music takes me where I want to be
Syncopation makes me high

Keep on jumpin', let your body fly
Everybody jumpin' 'til you see the sun in the sky
Keep on jumpin', let your body fly
Everybody jumpin' 'til the mornin' light

Everybody do your thing, get into the motion
Get on out there on the floor, raise the commotion
Music takes me where I want to be
Happy music makes me fly

Keep on jumpin' let your body fly
Everybody jumpin' 'til you see the sun in the sky
Keep on jumpin', let your body fly
Everybody jumpin' 'til the mornin' light

Keep on jumpin', let your body fly
Everybody jumpin' 'til you see the sun in the sky
Keep on jumpin', let your body fly
Everybody jumpin' 'til the mornin' light

Keep on jumpin', jumpin', keep on jumpin'
Keep on, keep on, keep on jumpin'
