

Do You Feel OK?

Superhumanoids

The wight of the suspicion keeping me from sleep
A sea of common faces hide something strange beneath
Watch you change please unpack do you feel ok?
I want you back, stay the same when I hear you left
I feel ok I want you back

Hold to but think you're quite the same
Confused with what to wear today i know, I know, i know, i know
the danger is unclear dont go, dont go dont go dont go
the stranger remains here

Watch you change please unpack do you feel ok?
I want you back, stay the same when I hear you left
I feel ok I want you back

Watch you change please unpack do you feel ok?
I want you back, stay the same when I hear you left
I feel ok I want you back
