Was That All It Was (The Razor N Guido Remix)

Hannah Jones

(yeah-ah was that all it was)
(wooooooho)
(oohooo)Was that all it was
A way to pass some time
momentary thing
not worth the memory
in the morning
must it be could be cold
something bought and sold
was it just a game
would you recall my name
if you saw meI wanna be your one love
if we ever meet again (meet again)
now that I've been your love
Is this how it's gonna end?
Will we ever be just friends?
Run to me every now and thenwhow-whow-whow-whow-oh
was that all it was
night out on the town
an excersise of will
or what you needed filled
did you use meI wanna be your one love
if we ever meet again (meet again)
now that I've been your love
Is this how it's gonna end?
Will we ever be just friends?
Run to me every now and thenwhow-whow-whow-whow-oh
was that all it was
when you close the door
pasion left behind
out of sight and out of mind
gone foreverwas that all it was?
was that all it was?
ooh tell me
did you use me?
huh?I wanna be your one love
if we ever meet again (meet again)
now that I've been your love
Is this how it's gonna end?

Will we ever be just friends?
Run to me every now and thenwhow-whow-whow-whow-oh
was that all it was
I asked
I asked him
did you use me?
did you use me?
did you use me?
o-o-ooh
yeah
yeah
(wooooooho)
yeah-ah
was that all it was
