Underwater People

The Samples

I woke up in the morning
All that I could see
Fish are looking at me
All these slimy thingsFloating to the bathroom
To find some of my friends
Really what I hoped for
The dream should never endUnderwater people
Underwater people
Underwater people
Underwater peopleWent down to Tulagi's
To find some of my friends
Underwater people
Around me till the endSwimming in a fish bowl
Quite a funny thing
All these freaks around you
All my friends are fishUnderwater people
Underwater people
Underwater people
Underwater peopleWoke up underwater
All that I could see
Tulagi freak around me
All my friends and meUnderwater people
Underwater people
Underwater people
Underwater peopleUnderwater people
