Penetration

The Ventures

Ha, ha, yeah, Naughty
I can make you go, oh
Na na na na
I've got it, you want it all
I've got it, you needed more
I've got it if you want it all
Just come, get it, I've got what you're waiting for
I know that you wanna come, see me
Let me freak you down completely tonight
Come on and talk to me, baby
Stop frontin' 'cause I know you wanna jump on it
I could show you things you never knew
Two people could do, oh oh
If you let me come inside tonight
Girl, I'm guaranteed to satisfy
Penetration 'til the morning light
It's alright girl, I'll rock your world
And make you wish for the next night
I got what you're waiting for
Now here we go
I say I kick looking all rich
Like ya'll picked six in lotto
Money and menage is your motto
We follow with bottles
Of Henney and Remy, the gang and Uncle Vinnie
Get plenty more like Demi
Come and get me
Are we eye to eye and are we mouth to mouth
'Cause the way down town's a hop skip and a bounce
You see I'll penetrate your inner space
After a winner date, dinner date
Ain't no way, no where, no place I'll spend a day
Penetration
I've got it, you want it all
I've got it, you needed more
I've got it if you want it all
Just come, get it, I've got what you're waiting for
Na na na na
Make ya say

Na na na na
Make ya say
Na na na na
Make you say
Na na na na
The way you kiss it when it's thick, it's guaranteed I time it right
When big is you gonna feel it from your ass to ever tight
You into bondage and ass smacks, you're rough boo
Yo style is why you tell me to cuff you
When I fuck you, he way you suck, ooh
Makes me always wanna touch you and I don't pay for ass
The way I fuck I want a buck too
Who needs a swinger, the thug or a malingerer, boo
You don't need a man, that's you and T-Boz with them fingers but
I ain't mad if you gon' touch yourself
'Cause with this you ain't never got to fuck yourself
See, I'm your water man in your big cahona
You know when they sayin' packers run with a bullet
That ain't no rap list
Piling punanies, one frontwards, one backwards
On a broke ass mattress, fix up and ask me how I like it hot
I go, menage-a-tois, penetration
I've got it, you want it all
I've got it, you needed more
I've got it if you want it all
Just come, get it, I've got what you're waiting for
Some say I'm from rags to riches, from snitches to fishes
Who's the man? Shit, I even got bitches after my bitches
From bitch to butch I'll fix the tooche
With one look, you be beggin' the three leg nigga to push
We had what four three hosematic who fought from pork
He was an heir from dook, he even ate pussy at the orgey for me
After they boned us they road us in two lex's and a Lotus
Other bitches showed us
All they zoota's and those E riches are bogus, bitch
Penetration
I've got it, you want it all
I've got it, you needed more
I've got it if you want it all
Just come, get it, I've got what you're waiting for
I've got it, you want it all
I've got it, you needed more
I've got it if you want it all
Just come, get it, I've got what you're waiting for
