

Vitamin D

Drunk Mums

well iâ€™ve been feeling, under the weather
the winterâ€™s got hold of me
my brain is, taking backwoods
i wanna be them, third degree

i just want my vitamin d

yeah been sweating in the shower
brooding in the sea
moment is getting colder
i know who iâ€™d rather be

i just want my vitamin d (x2)

my eski is in the sand
sitting next to me
everyone is getting sunburned
wasted as can be

i just want my vitamin d (x2)

i just want
palm cove
(i just want) yorkies know
(i just want) kiara
(i just want) agents beach
(i just want) port douglas
(i just want) crystal cascades
(i just want) endless and trinity

i just want my vitamin d x2
