

# Turn up the Track

## MattyB

Now you can find in Atlanta with an A cap  
turned back  
Dancing in streets with that little Georgia Peach  
She begin' me to stay home  
You know that I wish I could  
But my flight leaves at 11  
I'm headed to Hollywood  
Wave at the Carolinas  
St Louis is swag  
make a stop down in Dallas  
and maybe check out the Mavs  
If I'm hungry - it's Chicago cause Pizza's my favorite food  
Then its New York or New Jersey to give me more attitude I'm dancing all over the map  
Turn up, turn up, turn up the track I just wanna dance  
Turn up the track and party  
Let me see your hands  
Turn up the track, yeah  
Turn up the track  
(repeat) Tip toeing over Florida  
Louisiana to Bama  
Then hit the streets of Las Vegas  
to keep an eye on the parents  
Shake it up in Seattle  
Where the weathers kinda gloomy  
So I trip over Wyoming  
and get lost off in the boonies  
Fly to Michigan  
Fly fishing again  
Shopping spree in Manhattan  
And now that my money's spent  
Take me back to the south  
I'll fall in love in these streets  
This girl must be from Nashville  
cause Shes a Ten I See I'm dancing all over the map  
Turn up, turn up, turn up the track I just wanna dance  
Turn up the track and party  
Let me see your hands  
Turn up the track yeah  
Turn up the track

(repeat)We put our hands in the air so high  
Wave 'em side to side  
Cause we feel alive  
And the music is pumpin  
Our heartbeats are bumpin  
we sing and we laugh  
and we jump and we're jumpin - hey!We put our hands in the air so high  
Wave 'em side to side  
Cause we feel alive  
And the music is pumpin  
Our heartbeats are bumpin  
we sing and we laugh  
and we - turn up the track!I just wanna dance  
Turn up the track and party  
Let me see your hands  
Turn up the track yeah  
Turn up the track  
(repeat)Turn up, turn up, turn up the track  
Turn up the track, yah  
Turn up the track  
Turn up, turn up, turn up the track  
Turn up the track, yah  
Turn up the track  
I just wanna dance!  
I'm out
