We Might Fall

Ryan Star

We should go to sleep now, you should stay the night
I'll be up to watch the world around us live and die
Lying on the grass now, dancing for the stars
Maybe one will look on down and tell us who we are
We might fall, we might fall
We might fall, Hallie, we might fall
We might fall, we might fall
We might fall, Hallie, we might fall
I could join the circus, you could sell your hair
I could learn to walk the line or learn to train the bears
Tell me are you crazy and did you mind the cold?
Tell me are you comfortable if comfortable at all?
We might fall, we might fall
We might fall, Hallie, we might fall
We might fall, we might fall
We might fall, Hallie, we might fall
Now that we are older, I remember you
Reaching out to show me all the things that I must do
Now that we are older, I remember youth
Now that we are close to death and close to finding truth
We might fall, we might fall
We might fall, Hallie, we might fall
We might fall, we might fall
We might fall, Hallie, we might fall
Sha la la, sha la la
Sha la la, hey now
Sha la la, sha la la
Sha la la, hey, we might fall, fall
