

# 1040 Blues

Robert Cray

Worried, you betcha  
Discouraged, I don't know  
Every time I see a 1040  
Out of my pocket it goesOw, I hate taxesI work hard for my money  
Every April you take it all away  
Don't you know I work hard for my money  
Every day, people  
You take it all away from meOw, ow, I hate taxesTaxes gonna break my back, I swear  
Don't you know I pay a lot more than my share?  
I hate taxesCan't have any fun anymore  
Gotta make plans for everything now  
Gotta plan for every thing I do, people  
Can't go out and have a real good time  
Now I've gotta worry about everything  
That my little money can buyOh, ow, I hate taxesTaxes gonna break my back, I swear  
Don't you know I paid a lot more than my share?  
I hate taxesYou know I'm thinkin' about movin' somewhere else  
But I can't because I love America too much  
Especially California, yeah  
I guess I'm gonna have to pay these taxes  
If I'm gonna live here, oh
