Baby, It Can't Fall

[Iggy Pop](#)

You have loved me with energy
Backed up with hard work and guts
We inhabit eternity
We fly forever in spaceThe way we run together
The way we breeze the miles
We put our heads together
And laughingly we smileIt can't fall
It can't fall
Baby, it can't fall
Death means nothing at allIt can't fall
It can't fall
Baby, it can't fall
Our love will outlive this earthWords have so many meanings
Sometimes mean nothing at all
Sometimes I feel so simple
I don't know what's coming nextWe have swum in the ocean
And that was really alright
I'm not a big man
It's hard to face the worldIt can't fall
It can't fall
Baby, it can't fall
That would nail me to the wallIt can't fall
It can't fall
Baby, it can't fall
Our love will outlive this earth
It can't fall
