

When I Was a Boy

Electric Light Orchestra

When I was a boy, I had a dream
All about the things I'd like to be
 Soon as I was in my bed
 Music played inside my head
When I was a boy, I had a dreamWhen I was a boy, I learned to play
 Far into the night and drift away
 Don't want to work on the milk or the bread
 Just want to play my guitar instead
When I was a boy, I had a dreamAnd radio waves kept me company
 In those beautiful days when there was no money
When I was a boy, I had a dreamWhen I was a boy, I had a dream
 Finding out what life could really mean
 Don't want a job 'cause it drives me crazy
 Just wanna sing, do you love me, baby?
When I was a boy, I had a dreamAnd radio waves kept me company
 In those beautiful days when there was no money
When I was a boy, I had a dreamWhen I was a boy
