

# Never Give Up On A Good Thing

George Benson

Never give up on a good thing  
Remember what makes you happy (Whoa, whoa)  
Never give up on a good thing  
If love is what you got, you've got a lot Money's tight, he's workin' every night  
It ain't easy to keep the flame alive  
And when he finally comes home to ya  
He's just too tired to do the things you want to You can't help but wonder to yourself  
How would it be with someone else  
Just keep in mind, every storm ends in time  
Love is forever, stay together (Stay together) When you got something real  
(Love forever) That you may never feel again [Chorus:]  
Never give up on a good thing  
Remember what makes you happy (Whoa, whoa)  
Never give up on a good thing  
If love is what you got, you've got a lot Now you're the man, you've got to understand  
She don't mean to make a scene  
Like you, she feels all the weight you're under  
And when she breaks, is it any wonder I know sometimes it crosses your mind  
To get on out and stay hard to find  
Before you try, you'd better look in her eyes  
Love is forever, stay together (Stay together) You've got something real  
(Love forever) That you may never feel again  
(You've got a lot) (Stay together)  
(Love forever)  
You've got something real  
That you may never feel again [Chorus] Don't give up your good thing  
Don't give it, oh, don't, oh, oh  
Don't give up your good thing  
Please don't, oh, don't  
Don't live it up, don't give it up [Chorus x2] Never give up on a good thing (Oh, he's all you need)  
Remember what makes you happy (Whoa, oh)  
Never give up on a good thing
