Desert Moon

Krys Mach

Let's shake this town, baby
Come with me
I need a little lovin' company
C'mon now, I know where we can goThis is the time
T'stay out all night
I've gotta fire like a heavenly light
C'mon baby, let's take a driveC'mon, baby
Let's do it right
Time to dance
In the magic light
Of the desert moonWell, let's lay it down
Under a cactus tree
Give a little lovin' ecstacy
C'mon now, it's time to goLittle baby
You're a beautiful sight
I've got the love, we have the night
C'mon baby, it's time to flyC'mon, baby
Let's do it right
Time to dance
In the magic light
Of the desertCome on, honey
Let's get it right
Make romance
In the magic light
Of the desert moonC'mon, baby
Let's do it right
Time to dance
In the magic light
Of the desertCome on, honey
Let's get it right
Make romance
In the magic light
Of the desert moon
