

Omen (Jonas Rathman Remix) [feat. Sam Smith]

Disclosure

I'm feeling something, something different
When you left, my picture changed
I was blinded, I'd not envisioned
The same face in a different frame It's an omen, caught my baby crying
Saw the silver lining
It must be an omen
Needed you to show me, without you I am lonely My mind would rule my heart
I didn't pay attention to the light in the dark
It left me torn apart
But now I see your tears as an omen Oh, omen You were waiting, I was vacant
You left before my eyes
Then it hit me, you're relocating
And I need you by my side It's an omen, caught my baby crying
Saw the silver lining
It must be an omen
Needed you to show me, without you I am lonely My mind would rule my heart
I didn't pay attention to the light in the dark
It left me torn apart
But now I see your tears as an omen
My mind would rule my heart
I didn't pay attention to the light in the dark
It left me torn apart
But now I see your tears as an omen Oh
Omen
(Woah, now love)
Oh
Omen
(I didn't pay attention to the light in the dark)
Oh
Omen
(But now I see your tears as an omen)
Oh
Omen
(Now I see your tears as an omen)
Oh, omen
