Don't Forget About Me

Nanci Griffith

I can't be your weather
'Cuz if it rains then it rains
I can't be your lover
'Cuz the feelings would changeI can't be the wind
'Cuz the wind blows too free
But if you want a true companion
Don't forget about meDon't forget about me
When your heart's in the shade
When there's no one to hold you
And you've fallen from graceWhen the spotlights come blind you
And you can no longer see
I'll be right there beside you
Don't forget about meYour friends never leave you
They're a two way street
They'll always believe in you
When you've ceased to believeAnd I'll still feel the same
If you're a friend in need
'Cuz I'll always love you
Don't forget about meDon't forget about me
When your heart's in the shade
When there's no one to hold you
And you've fallen from graceWhen the spotlights come blind you
And you can no longer see
I'll be right there beside you
Don't forget about meDon't forget about me
When your heart's in the shade
When there's no one to hold you
And you've fallen from graceWhen the spotlights come blind you
And you can no longer see
I'll be right there beside you
Don't forget about me
Don't forget about me
