I Want Sushi

Islander

All these rappers got money, eatin lobster
I'm still throwing hats and shoes in the washer
These Gucci price tags are goofy
If I had some money, I would buy me some sushi

Not waiting for a blue check next to my name
Not into music for the money or the fame
You want that quick fix. Those magic party tricks
You've been waiting for a new sensation!

Rock & Roll don't pay like It used to
We turning up even more than we used to
Money's tight, but my band is tight
You complaining bout your bus... we drive a van all night

All these rappers got money, eatin lobster
I'm still throwing hats and shoes in the washer
These Gucci price tags are goofy
If I had some money, I would buy me some sushi

Rock & Roll donâ€™t pay like it used to
