I've Got To See You Again

Norah Jones

Lines on your face Don't bother me Down in my chair When you dance over meI can't help myself I've got to see you againLate in the night When I'm all alone And I look at the clock And I know you're not homeI can't help myself I've got to see you againI could almost go there Just to watch you be seen I could almost go there Just to live in a dreamBut no, I won't go For any of those things To not touch your skin Is not why I singI can't help myself I've got to see you againI could almost go there Just to watch you be seen I could almost go there Just to live in a dreamNo, I won't go To share you with them But oh, even though I know where you've beenI can't help myself I've got to see you againOh, I can't help myself I've got to see you again
