

Superhot

Gabriella Cilmi

I'm calling for you You're spinning me round like a hurricane
Come, a come, a run jump on the milky way
A lipstick rocket ship, I'm about to fly
Universe flies by, I catch a ride Maybe we could hang together
'Cause I got these feelings for ya
Gotta get my groove on tonight
Stick around and jump on He's a superhot guy
It's a superhot ride
He's a superhot guy
It's a superhot ride I don't know what you do
I don't want to jump off this ride
I don't know what you do
But I want the stars to collide I'm calling for you
My heart's on the line, I need you
I don't know what you do
I don't want to jump off this ride I sky rocket in the pocket for your love
Getting skizzy for a ticket to your heart
Tongue-tied when I think about your touch
Flash cash count dollars in the credit crunch Maybe we could hang together
'Cause I got these feelings for ya
Guess I'm saying that I'm falling
Falling like a shooting star He's a superhot guy
It's a superhot ride
He's a superhot guy
It's a superhot ride I don't know what you do
I don't want to jump off this ride
I don't know what you do
But I want the stars to collide I'm calling for you
My heart's on the line, I need you
I don't know what you do
I don't want to jump off this ride Yes, I want you to want me
The way that I want you
Yes, I want you to want me
The way that I want you Yes, I want you to want me
The way that I want you
Yes, I want you to want me
The way that I want you Maybe we could hang together
'Cause I got these feelings for ya I don't know what you do
I don't want to jump off this ride

I don't know what you do
But I want the stars to collide I'm calling for you
My heart's on the line, I need you
I don't know what you do
I don't want to jump off this ride
