All of My Love

Joe Modifica

And I ...will never surrender
And I ...will see it through
But if ... you want something forever
All my love ... I give ... to youI may be gone ... sad and lonely
Each night my thoughts are of you
Time passes here, so slowly
Each day, brings me closer to youTake it to the heart
From the very start
All my love, I give to you
You... You... Always You
Travel the world ... to get back to youAnd I will always remember
All those times ... You pulled me through
Made me laugh ... when I was down and under
I smile, just thinking of you
