Ecstasy

Danity Kane

It started with a Monte Carlo
Then went and got a beamer
Her mom call me a D-boy
She said, Yes, he is a dreamerTwo tickets to the matine
Me and Shorty way back in the day
Now she's into films
Our thing just starts to dimYou know when you dealing with a bad boy, baby
I got to keep it trilla
Even if it hurt, you knowI won't sing to you like Chris and Ne-Yo
But I'm fresher than a stick of deo
Take you to a place where the chef is Creole
Black bitch right next to RioRunning out the house just to flip
Dice in my pocket I'm with the C-Lo
Pull up to the crib and I hit dawn
Beep, beep, Rick Dinero
And you quick the ladoThat's right, let me flip the car door
In the wind, might hit Chicago
She might pick the cargoLet's skip Apollo, Carlos Brados
My Picasso
We ride or die
She my little vato, RossCant hold it back, you know Im so addicted to ya
Cravings attack whenever I get closer to ya
Having withdrawals whenever youre away
I just want you here with me, boyLets take a ride, Ill show you all the avenues
Hop in my coupe, I only gotta room for two
Lets just explore, my only destination is you
Ill tell you what I want to do, babyCan I take you to a place
Where we can go far away?
Lets take a trip tonight
Follow me toEcstasy, you and me
Im feeling you, Im feeling you
Im feeling you, Im feeling youEcstasy, you and me, boy, you know
Im feeling you, Im feeling you
Im feeling you, Im feeling youThe mood is set, my temperature is rising
Im getting hot and there aint no denying
I know a spot where we could just go get lost together
Right now I'll do whateverYou take me high but I really wanna go off
Hearts beating fast, yeah, but still we're moving slow
My fantasy and boy, just take control

Come on, wont you let me know?If I, can I take you to a place
Where we can go far away?
Let's take a chance tonight
Follow me toEcstasy, you and me
Im feeling you, Im feeling you
Im feeling you, Im feeling youEcstasy, you and me, boy, you know
Im feeling you, Im feeling you
Im feeling you, Im feeling youBoy, you got me twisted
I must admit it, I just cant resist
I cant get you off my senses
You make me feel brand new
The things you do, oh, you know that Im feeling for youI just gotta have it, it's getting drastic
I cant break the habit and Im just an addict
For your love is just like a drug
Baby, let me take you toEcstasy, you and me
Im feeling you, Im feeling you
Im feeling you, Im feeling youEcstasy, you and me, boy, you know
Im feeling you, Im feeling you
Im feeling you, Im feeling youI wanna take you there, there, there, there
I wanna take you there, there, there, there
I wanna take you there
I wanna take you thereI wanna take you there
I wanna take you there
I wanna take you there
I wanna take you there
