

Whenever You Need Somebody

[Rick Astley](#)

I'll bring my love to you
I'll bring my love to you I've been stood up, messed around and taken for a fool
But next time 'round, I'm gonna change the rules
And I don't care about the things that people say
It's you I think about each and every day It's much too late for you to change your ways
I can't keep holding on, expecting you to stay
When you're all alone and if you're feeling down
Call me, I'll be around Whenever you need somebody
I'll bring my love to you
You don't have to say you love me
I just wanna be with you Lost inside your love, is where I wanna be
I'm just asking you to spend some time with me
Time and time you say, you wanna be free
And you can have some fun, that's okay with me You will never know just how good I feel
The joy inside of me makes me feel so real
When you're all alone and if you're feeling down
Call me, I'll be around Whenever you need somebody
I'll bring my love to you
You don't have to say you love me
I just wanna be with you Whenever you need somebody
I'll bring my love to you
You don't have to say you love me
I just wanna be with you I'll bring my love to you
I just wanna be with you
I'll bring my love to you
I just wanna be with you It's much too late for you to change your ways
I can't keep holding on, expecting you to stay
When you're all alone and if you're feeling down
Call me, I'll be around Whenever you need somebody
I'll bring my love to you
You don't have to say you love me
I just wanna be with you Whenever you need somebody
I'll bring my love to you
You don't have to say you love me
I just wanna be with you Whenever you need somebody
I'll bring my love to you
You don't have to say you love me
I just wanna be with you
