Hold It to the Fire

White Rabbits

Couldn't leave him alone
Hold it to the fire
And we're all in
It's all coming back to me
Hide my smile
Hide my smile
We're holding it to the fire
Now we're on the fire
We're holding it to the fire
Now we're holding it
Holding it by the fire
So I, only beat around the bush
It's only lit like a fire
That we're all in
It's all coming back to me
so I,
so,
so.
We're holding it to the fire
Now we're on the fire
Holding it to the fire now
We're.....
Holding it by the fire
Hold it by the fire now
We're holding it by the fire
Holding it.....
Hold.....
