

# How You Move It

## Bow Wow

I mean, I mean  
Y'all know what that is right?  
I mean, I mean  
Y'all know what that is right? Lil' mama, show me how you move it  
Lil' mama, show me how you move it  
Lil', lil' mama, show me how you move it  
Lil' mama, I wanna see ya Lil' mama, show me how you move it  
Lil' mama, show me how you move it  
Lil', lil' mama, show me how you move it  
Lil' mama Tags on the back of the Lam' say 'B Dub'  
Every Friday night, I'm in the streets and I'm G'd up  
5th album and I'm still bangin' out your speakers  
So So Def \*\*\* can't nobody see us You know I keep it fresh when it comes to the fashion  
At the age 10 is when my mama heard the passion  
I gotta stay stuntin' and I gotta keep flashin'  
7 figure checks is the only thing I'm cashin', I'm stashin' Everything I get on, it look tight  
Ain't nothin' like a hump when it jump  
And it shook right, shook right  
Ladies on a homie like I'm Denzel  
Shirt off, big chain, rockin' like I'm LL Since 12, I done had a mill' sittin' in my garage  
The Brazilian girls comin', givin' me a massage  
Before I was, people was treat me like a big star  
It's a test if you wanna be in my entourage Lil' mama, show me how you move it  
Lil' mama, show me how you move it  
Lil', lil' mama, show me how you move it  
Lil' mama, I wanna see ya Lil' mama, show me how you move it  
Lil' mama, show me how you move it  
Lil', lil' mama, show me how you move it  
Lil' mama I keep catchin' all my lil' comp in a slumber  
Comin' with that heat that keep me hotter than the summer  
Call it what you want, I'm the king of Columbus  
And if you wanna act up, D got the dumper How you ride? 'Round here, I'm ridin' 30's on a Hummer  
Tag on the back of it say 'Boy Wonder'  
4-15's, bein' sound like thunder  
The baddest girl up in here, I better get her number When I was younger, Momma said I was dreamer  
Moved to Atlanta State with JD and Tina  
Never ever thought I'd be sellin' out arenas  
Drivin' everything from a Phantom to a Beamer Baby, use your hand when I'm sayin' I'm the real deal  
That you with, he a snack, I'm a 4 meal

I see you got it in the back like Jessica Biel  
But you talkin', baby, all I wanna know is if it's trin  
Now let me see it Lil' mama, show me how you move it  
Lil' mama, show me how you move it  
Lil', lil' mama, show me how you move it  
Lil' mama, I wanna see ya Lil' mama, show me how you move it  
Lil' mama, show me how you move it  
Lil', lil' mama, show me how you move it  
Lil' mama Groove with it, do it  
Girl, turn it around and show me how you move it  
I said, groove with it, do it  
Girl, turn it around and show me how you move it Homie, with the B is like when you fly first class  
Everything free, much different than them dirtbags  
I'ma entertain and keep you focused like the circus  
God put me here to get it poppin', that's my purpose They ain't know me 'coz they gettin' over power  
See, I make it storm and the \*\*\* make it shower  
20 minutes all he got, I last for hours  
So when I come around, he outta business like tower Baby, it ain't trickin' if you got it, that's the motto  
Hitmakers baller like we just hit the Lotto  
Front and back, y'all feel with it, kinda auto  
Take a pick and you can bring it back tomorrow  
Long as you let me see it Lil' mama, show me how you move it  
Lil' mama, show me how you move it  
Lil', lil' mama, show me how you move it  
Lil' mama, I wanna see ya Lil' mama, show me how you move it  
Lil' mama, show me how you move it  
Lil', lil' mama, show me how you move it  
Lil' mama
