Forever

The Romantic Era

You've broken down these doors
I kept shut so tight
I put the shades up
To keep out your light
You make me believe
In things I've never seen
You made me see foreverI'll take you, you for this ride
You're scared but it's alright
I want the rest of our lives to be amazing
Baby yeahI'm sick when you're not around
I love this thing we have found
We could be so in love
We could be forever
We could just be forever
(oooh, ooh, ooh)
We could just be forever#TREbeats
(We could just be forever)If I am born again
I know I'd find you
No matter where you are
You'll always have my heart
You and I could take on eternity
We could be foreverI'll take you, you for this ride
You're scared but it's alright
I want the rest of our lives to be amazing
Baby yeahI'm sick when you're not around
I love this thing we have found
We could be so in love
We could be forever
We could just be forever
(oooh, ooh, ooh)
We could forever
(oooh, ooh, ooh)
We could just be forever#TREbeats
(We could just be forever)(yeah, uh uh, #TRElife)
I would follow you forever
These three words make two of us
Into one, love at first (f**k)
She told all her friends that I'm nice
I love this girl and I won't stop

When it's dark in mind
It's like I'm looking for this light
Ghosts in my face, like boo
It's forever ever me and youI'm sick when you're not around
I love this thing we have found
We could be so in love
We could be forever
We could just be forever
(oooh, ooh, ooh)
We could forever
(oooh, ooh, ooh)
We could just be foreverI'm sick when you're not around
I love this thing we have found
We could be so in love
We could be forever
We could just be forever#TREbeats
(We could just be forever)
