

Behind the Wall of Sleep

Black Sabbath

Vengeance cupped within the flower
Deadly petals with strange power
Faces shine a deadly smile
Look upon you at your trial Chill that numbs from head to toe
Icy sun with frosty glow
Words that go read to your sorrow
Words that go read no tomorrow Feel your spirit rise with the breeze
See your body falling to it's knees
Sleeping wall of remorse
Turns your body to a corpse
Turns your body to a corpse
Turns your body to a corpse
Sleeping wall of remorse
Turns your body to a corpse Now from darkness there springs light
Wall of sleep is cool and bright
Wall of sleep is lying broken
Sun shines in you have awoken
