Midnight Oil

California Breed

I am a raw blade
Iâ€™ve come to hunt you down
Iâ€™m in a bad way
And I donâ€™t stick around, yeah!
I see the black dove
Itâ€™s falling from above
I let the rope burn
Until my ghost turns
Oh yes, it does

Let it burn,
Let it burn,
Iâ€™m gonna set it on fire
With the midnight oil
Let it burn,
Let it burn,
Iâ€™m gonna set it on fire
With the midnight oil
Let it burn (alright)
(Thatâ€™s right)

I am a shadow
And I wonâ€™t let you go
Like a scarecrow
Iâ€™m looking down from below

Let it burn,
Let it burn,
Iâ€™m gonna set it on fire
With the midnight oil
Let it burn,
Let it burn,
Iâ€™m gonna set it on fire
With the midnight oil

Forget your pride
Your fear
We got what you need
The midnight oil
Will set you free

We got what you need, yeah!

Let it burn,
Let it burn,
Iâ€™m gonna set it on fire
With the midnight oil
Let it burn,
Let it burn,
Iâ€™ve got set, set, set
Set it on fire
Set it on
Set it on
Set it on fire
Let it burn, burn, burn
Set it on fire
With the midnight oil
Let it burn
Iâ€™ve gotta set it on fire
Burn!!
