

# Hungry No More

## Mudcrutch

Wont be there when winter comes  
I aint holding out my hands  
Over a fire in a can Over a fire in a can [Verse]  
Goliath was tall King David was small  
You can't live on nothing at all  
You can't live on nothing at all  
[Chorus] And I aint gon' be hungry no more  
No I aint gon' be hungry no more  
[Verse] and then just carried on  
like nothing happened at all  
Like nothing happened at all  
[Chorus] And I aint gon' be hungry no more No I aint gon' be hungry no more  
[Interlude]  
[Verse] Nobody cry for me  
Aint nothing to it now  
The world will turn somehow  
The world will turn somehow  
[Chorus] And I aint gon' be hungry no more  
No I aint gon' be hungry no more, more
