BTSTU (Nu-Direction Remix)

Jai Paul

Don't fuck with me, don't fuck with me
Since you shipped my ass off to sea
I never knew where I was goin'
I went where the water was flowin'I know I've been gone a long time, but
I'm back and I want what is mine
I know I've been gone a long time, but
I'm back and I want what is mineThe ship was the love of my life
We went down together one night
I surfaced in every shadow
For years I just kissed her goodnightI know I've been gone a long time, but
I'm back and I want what is mine
I know I've been gone a long time, but
I'm back and I want what is mineSo don't try and fuck me about
You're waste and you're on your way out, yes
I'm startin to clock how you roll
I'm tired and about to get coldI know I've been gone a long time, but
I'm back and I want what is mine
I know I've been gone a long time, but
I'm back and I want what is mine
I know I've been gone a long time, but
I'm back and I want what is mine
I know I've been gone a long time, but
I'm back and I want what is mine
