

# Liquor

## Coco Jones

My baby did a low down dirty thang  
My baby turned my mind to mush  
She took my liquor and left me the can to crushMy baby did a low down dirty thang  
She had the gangster lean lookin' a little flushed  
She took my liquor and left me the can to crushMy baby did a low down dirty thang  
My baby turned my mind to mush  
She took my liquor and left me the can to crushMy baby did that low down dirty thang  
My baby workin' gangster lean lookin' flush  
The bitch took my liquor and left me the motha can to crush
