

# Depends

## [blink-182](#)

I don't want to urinate on myself  
I don't want to urinate on anyone else  
Well, I guess that really doesn't matter anymore  
'Cause I can't control my bladder anymore Well, I guess it all depends  
(Undergarments)  
Well, I guess it all depends  
(Undergarments) Step back in the light  
No more soiled nights alone  
But I guess, I don't have a care  
Because there's not a load in my underwear I'm sick of offending everyone I meet  
(Go, go, go, go)  
I'm sick of crying myself to sleep on rubber sheets  
(Go)  
I had an accident today  
I left a soil on a bus seat, I didn't know what to say But, I guess it all depends  
(Undergarments)  
Well, I guess it all depends  
(Undergarments) Step back into life  
(Go, go)  
No more soiled nights alone  
Well, I guess that I don't have a care  
If I don't have a load in my underwear
