

# Locked and Caged

## Egypt Central

Stuck inside these same four walls I've seen for sixteen years

I'm calling out and no one hears nothing is as it appears

Time is gonna pass me by the days are getting short

My patience is wearing thin waiting for this to begin

Locked inside my cage(Chorus)

Would you be there to let me out

I can't take anymore

Just let me out

I can't take anymore Choking on my selfish pride it's hard to swallow down

I swear I'd turn my life around if I could get out of this town

Every sacrifice I've made to help me get this far

I'm not about to turn away I don't care how long it takes

Locked inside my cage(Chorus)
