

# The Dream Team

## Fake Problems

I wanna be the American dream  
But I need you right next to me  
If I'm ever gonna feel free Will you stay awake all night with me?  
We can fall asleep tomorrow  
Will you hang on to every word I speak  
From now on? Because I wanna be the American dream  
But I need you right next to me  
If I'm ever gonna feel free  
You know when you're good  
And you know when you're not  
And right now baby  
I am near the top  
You won't be seeing much of me  
This coming year  
But I'll check back up on you  
If you wait here But every time you leave me  
I swear to god it gets much worse  
When I lean in you'll say goodbye  
I bet I'll choke on my damn words  
As if they're ever really worth singing I wanna be the American dream  
But I need you right next to me  
If I'm ever gonna feel free  
I wanna be the American dream (woah oh oh)  
But I need you right next to me (woah oh oh)  
If I'm ever gonna feel free (woah oh oh) Oh, I'm never gonna be free
